

Withdrawal details

It can sometimes be more tax-efficient to surrender individual policies rather than take a withdrawal.

Important: UK residents will be subject to tax if they take withdrawals (including regular withdrawals and adviser fees) in excess of 5% per annum of the total premium. We recommend that you seek guidance from your financial adviser. If you require further information about this, please call us on +44(0) 1624 821212.

If a sale of assets is required, please provide dealing instructions (see **Important Note 5**) by completing the "Transfer/Sale of Assets" form on page 5.

Withdrawal amounts are subject to minimum/maximum limits specified by Friends Provident International Limited.

I/We* request Friends Provident International Limited to make the following withdrawal:

1. Withdrawal amount
- OR % of total premium
- OR maximum withdrawal without triggering a surrender penalty (*please tick box*)
2. Frequency (*tick one*) once only yearly half-yearly quarterly monthly
3. Date the regular withdrawal is due to commence
(For Portfolio Bonds please indicate preferred date
1st or 14th of the month)

These instructions cancel any previously held withdrawal instructions.

Important Notes

1. As early encashment charges or surrender fees may apply, we strongly recommend you obtain a surrender quotation before completing this form. **Please note that all charges will be deducted from the amount payable. For details of the charges, please refer to the Summary of Charges in the relevant product Principal Brochure and Technical Guide (if applicable).**
2. All payments will be made in the currency of the policy, unless otherwise requested.
3. No action will be taken on any request to surrender, until this written notification, signed by all policyholders, has been received by Friends Provident International Limited at its registered address. The payment of surrender benefits may be delayed until all necessary documentation has been received.
4. We will accept faxed instructions. However, no money will be released until all original documentation has been received and verified. Please fax to + 44(0) 1624 821142.
5. If you wish to surrender individual policies which make up part of the policy or portfolio bond, you should specify the policies to be surrendered, and also provide dealing instructions to cancel sufficient units to cover the value of the policies being surrendered.
6. If you have a portfolio bond, we will debit all withdrawals to your General Transaction Account (GTA). If this causes the GTA to go overdrawn, we will charge debit interest to the account. To avoid this, you or your adviser should give us dealing instructions to credit the account.
7. The surrender of your contract may have taxation consequences in your country of residence. We suggest, therefore, that you contact your financial adviser to discuss these implications.
8. **UK residents' reporting requirements** – any policyholder who is UK-resident has an obligation, under the UK self-assessment tax regime, to report to HM Revenue & Customs (HMRC) any chargeable event arising in relation to the contract. Under UK law, we have a statutory requirement to supply information to HMRC about UK-resident policyholders in certain circumstances.
9. Friends Provident International, which has underwritten your policy, is a member of The Association of International Life Offices (AILO). This note is designed to ensure that investors are made aware of the potential consequences of surrender of policies, particularly in circumstances where the early encashment of an existing policy is followed by a new proposal to another life office.

The costs involved in establishing a life assurance policy for an investor are generally passed on to the investor in the form of charges payable upon the taking up of the policy, or upon its ultimate surrender. For this reason, AILO member companies endeavour to ensure that the investor is aware at the outset that such a policy should be regarded as a medium to long-term investment. In most cases, the policy will also provide that early encashment is subject to a surrender penalty.

Investors should therefore be aware that the surrender of an existing policy in favour of a new proposal to another life office will in most cases necessitate the further payment of at least one and possibly more sets of charges by the policyholder. Investors are accordingly advised to examine carefully the level of charges payable upon surrender of one policy in favour of another and to consult their professional advisers when considering such a change. It may, for example, be that your present policy provides switching facilities, which allow a change of investment strategy at minimum cost, without the need for surrender.

The purpose of this note is to ensure that the investor is made fully aware of the potential costs of transferring from one policy to another. It is not a substitute for independent investment advice and investors should consult their own professional advisers.
10. Any incomplete instruction will result in a delay in processing your instruction and Friends Provident International Limited shall not be liable for any direct, indirect, special or consequential loss or damages arising from such delay.
11. If for any reason this form is incomplete and your instruction cannot be processed completely, Friends Provident International Limited will not process any portion of the instruction.
